Leadership Skills
Level - 2

Leadership Skills Level 2

Course Overview

Gone are the days of "Industrial Age", today it's the technological competencies and behavioral skills which has gained importance. Today's organizations are facing chronic problems associated with poor leadership skills and a dearth of talent. If they are to transcend these potentially crippling issues, today's leaders must heed the call for a new type of leadership, one that treats individuals holistically—body, heart, mind, and soul. This Program for Leadership Development presents an integrated view of the fundamentals of Leadership. By gaining a deeper understanding of the core skills, you will improve your decision-making skills and expand your leadership capacity.
