Vision of the Institute

To be an outstanding institution in the country imparting technical education, providing need-based, value-based and career-based programmes and producing self-reliant, self-sufficient technocrats capable of meeting new challenges.

Mission of the Institute

The mission of the institute is to educate young aspirants in various technical fields to fulfil global requirement of human resources by providing sustainable quality education, training and invigorating environment besides moulding them into skilled competent and socially responsible citizens who will lead the building of a powerful nation.

Objectives

The objective of the institute is to have necessary instruments and resources to deliver technical manpower that not only meets the local industry requirements but is also an acceptable human resource for the global job market in Management & Technology as well as Master in Computer Application and other technological sectors. We aim to provide quality technical education facilities to every student admitted to the institute along with the development of all round personality of the students.

To be a technically high and professional institute, we ensure to provide most competent staff and excellent support facilities like well-equipped library, lecture theatres, computer and scientific laboratories fitted with high quality equipment. The institute organizes in-house and outside training programmes, seminars, conferences and workshops on continuous basis and encourages participation of staff and students to improve its Academic Pedagogy through innovative ideas and techniques in order to impart quality education.

To fill the perception gap between expectation of industry and preferences of academia through industry institute cell, we organize interactive sessions in the campus.

To produce competitive professionals for meeting the upcoming demand of the nation, the institute will always remain dedicated to the social causes of the public of this region.

Background

The flagship Institute of the group, Meerut Institute of Engineering & Technology (MIET), has officially been ranked as the 4th best Engineering College in Uttar Pradesh by AKTU. Renowned academic environment, extensive alumni network in over 200 companies, excellent placements, interface with industry and numerous extra-curricular activities make MIET a great educational institution. MIET stands tallest among all other self-financed engineering institutions in northern India. It not only holds the prestigious position of being one of the best & oldest (Established in 1997) Institutions that caters to education in the field of Engineering and Technology but also ensures that each student emerges out competent enough to hold a dynamic image of his own after the completion of his or her stint at MIET.

Under the tutelage of the best known faculty, MIET has earned the reputation of being one of the most preferred institutes by the students and parents all these years. Known for its excellent infrastructure, facilities for learning, unique academic environment & innovative teaching methodology, each student is initiated towards overall excellence to empower the youth who aspire to become successful Engineers, Scientists and Managers.

MIET is dynamically growing Institute in the state of Uttar Pradesh, managed and governed under the auspicious and noble organization, "City Educational & Social Welfare Society, Meerut, Uttar Pradesh". The City Educational & Social Welfare Society was founded by Late Sri Chandra Sen Agarwal in the year 1989, who first established a vocational training school (10 + 2) realizing the growing need for education for the young generation in this region of Uttar Pradesh. The society was the result of initiatives taken by Late Shri Chandra Sen Agarwal, a great educationist, who had spent all his life towards the cause of education. The last assignment held by him was as Secretary of "UP Board of High School and Intermediate". Like minded philanthropists of this region joined hands with him and took upon social causes, and established vocational schools to train the technical man power. He was far-sighted and could foresee the need of young men and women to be trained for the industrialized India under the shadows of Globalization of trade and established Meerut Institute of Engineering & Technology at Meerut in the year 1997. This institute, today, is a leading Institute known for placement and academic excellence and is also a preferred destination for technical education of the region. Presently, MIET is flourishing under the leadership of Shri Vishnu Saran, a great visionary, who is carrying on the dream philanthropic project nurtured by his father, the Founder-Chairman of MIET Group Late Sri CS Agarwal. He strongly believes and follows the four golden principles for success laid by the honourable Late Smt. Indira Gandhi ji – Foresight, Hard Work, Determination and Discipline.

The promoters of the society are having good resources, good social status and goodwill in the city and nearby area. Promoters of the Society are very well conversant with the requirements of an educational organization and their associates are having expertise in the management of the Schools. The promoters are committed to the quality education and academic excellence. The Institutes (run by the society) are running different technical courses such as MBA, PGDM, MCA, M.Tech in Biotechnology, Computer Science & Engineering and Electronics & Communication Engineering, M. Pharm. In Pharmaceutical Chemistry, Pharmaceutics and Pharmacology, B. Tech. in Biotechnology, Chemical Engg., Computer Science & allied , Civil Engg., Electronics & Communication Engg., Electronics & Instrumentation Engg., Electrical Engineering, Information Technology, Mechanical Engg., and B.
